REPORT OF SCHOOL BOARD.

YEAR ENDING FEBRUARY 15, 1896.

The annual report of your schools is respectfully submitted by the school board :

At the annual district meeting held in March, 1895, William W. Darrah was elected a member of the school board for three years, and Mary E. Manning was elected treasurer for the ensuing year.

At the organization of the board for the year, Jasper P. George was elected president and secretary.

Adopting the same general methods as had been used in past years, the schools, for convenience in furnishing needed supplies and for special supervision, were divided into three sub-districts.

The plan adopted by the board of last year in regard to the equalization of salaries paid the teachers, according to the number of pupils and length of services rendered, has been pursued the present year, though in the working of that plan some deviations were found necessary.

SCHOOLS.

It has been the plan of the board to furnish each school with a term of thirty weeks during the year, suitably divided by vacations. No. 4, in consequence of the prevalence for a time of diphtheria and scarlet fever, did not obtain the full number of weeks belonging to it, but no doubt the full amount of schooling will be afforded it in the future, to remove any inequality.

The success attending the labors of the several teachers was in no instance phenomenal, but in several, the interest inspired by the diligent action of the

teachers resulted in more than ordinary acquirements on the part of the pupils; and, taking the schools as a whole, we think that we can justly report an excellent advance in discipline and in literary achievement over that secured last year. The highest per cent of daily attendance was attained at No. 10.

By act of the legislature, the beginning of the school year has been changed from April 1 to August 1.

TEACHERS.

We have employed seventeen teachers, and of these four have taught the same school throughout the year, — Misses Bertha E. Parkhurst, Mary J. Moore, Lizzie S. Holbrook and Minnie C. Johonnett. All had previously taught in the district, as had Misses McKean, Platts, Johnson and Frye, while Misses Tuttle, Barnard, True, Morison, Gage, Ayer, Tuck, C. E. Holbrook and Ladd taught for the first time in our schools, though most of them had experience as teachers previously, and brought for the benefit of our schools the result of that experience; nor should we neglect to mention the unusual success attending the labors of some whose first experience as teachers was during the past year, — they evidently were “born to be teachers.”

By the resignation of Miss Tuck, to accept a higher position as teacher in Exeter, the district lost a valuable instructor, but, in being able to secure the services of Miss Cora E. Holbrook to finish the term, the board was especially fortunate.

In the untimely death of Miss Helen M. Barnard of No. 4, we record our sincere sorrow and sense of loss. She was eminently fitted for the position of a teacher by natural aptitude and personal acquirements.

SCHOLARS.

There have been enrolled upon the school registers 171 names, — 88 boys, 83 girls, two more than were enrolled last year.

There have been nine pupils in the district who have not been absent or tardy during the year; they are Alice

M. Barnard, Mary Murphy, Jeremiah Murphy, Olive A. Busiel, Mindie A. Buswell, Chester M. Holbrook, Maurice E. Stowell, Wayland F. Walch, and William Murphy, and of these Alice M. Barnard, Mary Murphy, and Mindie A. Buswell have not been absent or tardy during the last three years.

SCHOOLHOUSES.

In accordance with action of the district at the last annual meeting, No. 6 has been repaired, and is in fair usable condition.

The board has used the amount voted for the smaller repairs and furnishings needed in and about several of the buildings.

We would respectfully solicit an equal amount for the coming year to be used in like manner as occasion demands.

BOOKS.

It will be necessary to secure new geographies for the schools during the coming year, as those now in use are in a very dilapidated and antiquated condition. There is hardly a perfect copy belonging to the district, and, at the best, they are sadly out of date.

While the art of correct reading and spelling has not become extinct in our schools of today, either in this district or in others, we desire to have our pupils become more proficient in these lines of study, and to that end we have procured, as supplementary to the reader regularly adopted, a limited number of Stickney's Readers, not merely to furnish fresh stories for the children, but for thorough drill in the art of reading — thus trying to discourage the idea too prevalent among the pupils, that they are prepared to take a higher grade book with every term, when forsooth they cannot well read the one they have in hand. Thoroughness is better than rapidity.

We also procured three sets of Good Citizenship Charts, which have been judiciously changed from one school to another that all could profit by their instruc-

tion in matters which concern every pupil as an American citizen. A careful study of these charts and a hearty allegiance to "Our Flag" will no doubt tend to a complete preparation for duties which will soon devolve upon them.

PUBLIC LIBRARY.

At the annual town meeting of 1895, Jasper P. George was re-elected trustee of the library for a term of three years.

The sum of one hundred dollars was devoted to the maintenance and replenishing of the library, and from that appropriation seventy-three new books were added; and through the generosity of John A. Riddle, Esq., Miss Martha E. Woodbury, Miss Emily H. Schneider, Mrs. Mary Chandler Hale, Mrs. Frances E. Woodbury, Miss Martha R. Woodbury, Miss Harriet M. Durgin, Mr. Robert S. Ormsby, and Mrs. Harriet A. Woodbury, forty-three additional volumes were placed upon the shelves.

At the expense of Mrs. Frances E. Woodbury, the small room in the chapel was suitably arranged and furnished for library purposes.

During the year, the librarian, Jasper P. George, has been able to fill applications for over fourteen hundred volumes.

The number of persons taking books has been increased by thirty-four, making the whole number thus far two hundred and twenty-nine. We would again call attention to the fact that some volumes belonging to the old library are missing — parts of sets — and any one having these books would confer favor upon the public by handing them to the librarian.

The whole number of books now belonging to the library is four hundred and sixty-one.

We present the following catalogue, which, with those

found in the town reports of 1893-5, will comprise a complete list of the books.

Respectfully submitted.

EDDY W. STEVENS,
GEORGE F. BARNARD,
JASPER P. GEORGE,
